

WARSAW UNIVERSITY OF LIFE SCIENCES - SGGW

INSTITUTE OF WOOD SCIENCES AND FURNITURE

PROGRAM KONFERENCJI

Wood – the material of the 21st century Woodworking and forestry for material and construction needs in an innovative economy

5-6 czerwca 2025

Czwartek, 5 czerwca 2025

- 10:00 Rejestracja (budynek 34, piętro I)
- 11:00-11:30 Rozpoczęcie konferencji (Aula 1)
dr hab. inż. Paweł Kozakiewicz, prof. SGGW
- Sesja Plenarna I (Aula 1)
dr hab. inż. Grzegorz Kowaluk prof. SGGW
dr hab. inż. Agnieszka Jankowska
- 11:30-11:50 Magdalena Daria Vaverková - Closed-Loop Economy in Japanese Wooden Architecture: Tradition, Innovation, and Pathways to Sustainable Development (język referatu: ENG)
- 11:50-12:10 Stanisław Parzych - Trends in the supply of wood raw material to the domestic market (język referatu: PL)
- 12:10-12:30 Daniel Pociecha - QUTRIX wooden blocks as a bridge that is a combination of traditional material, modern manufacturing technologies and production quality control (język referatu: ENG)
- 12:30-12:50 Jarosław Szaban - Volume Value changes of oak and birch wood depending on the manner of manipulation (język referatu: PL)
- 12:50-13:10 Daniel Pociecha - Wood as a construction material in the KINGDOMY building technology, combining the use of hybrid natural materials and self-clamping prefabricated wooden beam elements (język referatu: ENG)
- 13:10-13:15 Podsumowanie sesji
- 13:15-14:00 Przerwa kawowa + Sesja posterowa*

WARSAW
UNIVERSITY
OF LIFE SCIENCES

WOOD
– the material
of the 21st century

Conference
June 5 – 6, 2025
Warsaw, Poland

WARSAW UNIVERSITY OF LIFE SCIENCES - SGGW

INSTITUTE OF WOOD SCIENCES AND FURNITURE

Sesja tematyczna I (Aula 1)

dr hab. inż. Piotr Borysiuk, prof. SGGW

dr hab. inż. Izabela Burawska

- 14:00-14:20 Katarzyna Oramus - Gold and Silver Treasure and the Authenticity of Wood in an Exceptional Showcase (język referatu: ENG)
- 14:20-14:40 Daniel Mellqvist - Interrelation of Local Density Variations with Cutting Forces in Wood Through Full-Field Force Mapping (ENG)
- 14:40-15:00 Muchamand Effsal Hadinata, Paweł Kozakiewicz Radial variability of selected properties of fir wood of different origins determined by the ultrasonic method (język referatu: ENG)
- 15:00-15:20 Stańczyk Kacper, Sydor Maciej - Comparative Analysis of Usable Volume in Cabinet Furniture Drawers (język referatu: ENG)
- 15:20-15:40 Patryk Król - Computer Vision in research work in Wood Technology (język referatu: ENG)
- 15:40-15:45 **Podsumowanie sesji**

Sesja tematyczna II (sala 1/28)

dr hab. inż. Sławomir Krzosek, prof. SGGW

dr hab. Mirela Tulik, prof. SGGW

- 14:00-14:20 Wojciech Jasiński - Wood-PLA Composites in Fused Deposition Modeling: How Filler Particle Size Affects Printability and Strength (język referatu: PL)
- 14:20-14:40 Monika Sołowiecz - Spectroscopic methods for determining the technical properties of Scots pine wood (język referatu: ENG)
- 14:40-15:00 Nikola Kucharczyk - Refining of wood raw material using a natural dye of plant origin (*Isatis tinctorum* L.) (język referatu: PL)
- 15:00-15:20 Patrycja Kulak - Technical quality of common beech (*Fagus sylvatica* L.) wood from the Kartuzy forest district (język referatu: ENG)
- 15:20-15:40 Patryk Jóźwik, Paweł Kozakiewicz - Selected properties of wood from 31-year-old Turkish oak trees from the experimental plot of the forest Arboretum in Rogów (język referatu: ENG)
- 15:40-15:45 **Podsumowanie sesji**
- 16:00 -17:30 **Spacer historyczno-dendrologiczny po zabytkowym parku SGGW w Ursynowie (miejsce zbiórki: wejście do budynku 34 od strony parkingu podziemnego)**
- 18:00 **Uroczysta kolacja (Restauracja DS Limba, bud. nr 39, ul. Nowoursynowska 161)**

WARSAW
UNIVERSITY
OF LIFE SCIENCES

WOOD
– the material
of the 21st century

Conference
June 5 – 6, 2025
Warsaw, Poland

WARSAW UNIVERSITY OF LIFE SCIENCES - SGGW

INSTITUTE OF WOOD SCIENCES AND FURNITURE

*) Sesja posterowa

1. Joanna Koszewska - Finnish Houses Technology in Warsaw in the Context of the Local Wooden Architecture Heritage
2. Izabela Betlej, Bogusław Andres - The effect of graphene oxide on structural changes and properties of wood
3. Patrycja Zatoń - FURNITURE-LCA: Empowering Furniture Companies with Life Cycle Assessment for Sustainable Practices
4. Małgorzata Walkowiak, Magdalena Witczak, Wojciech Cichy, Magdalena Czajka, Patrycja Kwaśniewska-Sip - Residues from the wood-based panel industry as a raw material for the production of biochar
5. Magdalena Czajka, Patrycja Kwaśniewska-Sip, Małgorzata Walkowiak, Magdalena Witczak - The effect of conditions in which furniture is used on the quality of indoor air in residential rooms"
6. Katarzyna Marciszewska, Jan Szadkowski, Andrzej Szczepkowski, Hubert Lachowicz, Andrzej Antczak, Dominika Szadkowska, Jakub Suchodolski -Pyrolytic analysis of black cherry wood (*Prunus serotina*) from its primary and secondary range of occurrence
7. Hubert Lachowicz - Sekretera-serwantka kolbuszowska
8. Kryštof Kubista - Foamed wood as Thermal insulation
9. Bogusław Andres, Izabela Betlej - Analysis of the Factors Leading to the Degradation of Wooden Cultural Heritage Based on the Example of a 16th-Century Sacred Monument in Poland

UNIVERSITY
OF LIFE SCIENCES

WOOD
– the material
of the 21st century

Conference
June 5 – 6, 2025
Warsaw, Poland

WARSAW UNIVERSITY OF LIFE SCIENCES - SGGW

INSTITUTE OF WOOD SCIENCES AND FURNITURE

Piątek, 6 czerwca 2025

Piątek 6.06.2025

10:00-10:30 Rozpoczęcie Festiwalu Drewna (Aula 1)
dr hab. inż. Paweł Kozakiewicz, prof. SGGW
mgr inż. Robert Jaśkiewicz

Sesja Plenarna II (Aula 1)

prof. dr hab. inż. Mariusz Mamiński
prof. dr hab. inż. Piotr Przybysz
z udziałem przedstawicieli Ministerstwa Rozwoju i Technologii

10:30-10:50 Paweł Kozakiewicz, Piotr Borysiuk, Ewa Ingeborga Kotwica - Wooden construction in Poland – opportunities and barriers (język referatu: PL)
10:50-11:10 Anna Stefańska, Ewa Ingeborga Kotwica, Marek Beśka, Sławomir Krzosek, Paweł Kozakiewicz, Eugeniusz Koda - The Centre for Timber and Wooden Structures at the Warsaw University of Life Sciences - comprehensive support for wooden construction in Poland (język referatu: PL)
11:10-11:30 Agnieszka Starzyk - Wooden Architecture in Poland After 2000: Aesthetics, Function, and Social Perception (język referatu: PL)
11:30-11:50 Agnieszka Mandziuk - Silvatourist product as an alternative source of income in forestry (język referatu: PL)
11:50-12:10 Magdalena Witczak - Climate neutrality of the wood industry through recovery of volatile organic compounds (język referatu: PL)
12:10-12:15 **Podsumowanie sesji**
12:15-12:50 **Przerwa kawowa**

Sesja tematyczna I (Aula 1)

dr hab. inż. Piotr Borysiuk, prof. SGGW
dr hab. inż. Grzegorz Kowaluk, prof. SGGW

12:50-13:10 Agnieszka Jankowska - How genetic origin of Scots pine affects juvenile wood proportion? (język referatu: PL)
13:10-13:30 Agnieszka Wasilewska, Ewelina Depczyńska - Flame retardant treatment of plywood intended for construction (język referatu: ENG)
13:30-13:50 Michał Golański - The use of wood-based materials in the design and implementation of non-standard structural forms (język referatu: PL)
13:50-14:10 Kamila Przybysz - Utilization of microfibrillated cellulose extracted from recovered paper processing residues for the development of sustainable construction composites (język referatu: PL)

WARSAW

OF LIFE SCIENCES

WOOD
– the material
of the 21st century

Conference
June 5 – 6, 2025
Warsaw, Poland

WARSAW UNIVERSITY OF LIFE SCIENCES - SGGW

INSTITUTE OF WOOD SCIENCES AND FURNITURE

14:10-14:30 Joanna Wachowicz - Application of FAST (Field Assisted Sintering Technology) techniques to the production of tools for the processing of wood-based materials (język referatu: PL)

14:30-14:35 **Podsumowanie sesji**

Sesja tematyczna II (sala 1/28)

dr hab. inż. Sławomir Krzosek, prof. SGGW
dr hab. inż. Teresa Kłosińska

12:50-13:10 Katarzyna Śmietkańska - Impact of size and color knots on relative visual attractiveness of furniture fronts made of pine wood (*Pinus sylvestris* L.) (język referatu: PL)

13:10-13:30 Michał Rykaczewski - Review of contemporary wood preservatives and flame retardants intended for use in polish civil engineering. Analysis of law and normative issues connected with improving timber properties by chemical agents (język referatu: PL)

13:30-13:50 Aneta Skręta - TGA and FTIR as tools for characterizing Scots pine (*Pinus sylvestris* L.) wood of different origins from the experimental plot in Rogów (język referatu: PL)

13:50-14:10 Radosław Wąsik - Variability of the modulus of rupture of the "Istebna" Norway spruce (*Picea abies* (L.) H. Karst) wood (język referatu: PL)

14:10-14:30 Łukasz Adamik - Methods for determining and factors influencing the occurrence of laminate damages during the machining of particleboard (język referatu: PL)

14:30-14:35 **Podsumowanie sesji**

14:35-14:50 **Zakończenie konferencji (Aula 1)**
dr hab. inż. Paweł Kozakiewicz, prof. SGGW

15:00 **Obiad (Bufet Kartka, bud. 34, poziom -1, ul. Nowoursynowska 159)**
